

Anywhere Care Instructions

Prior to the appointment it would be helpful to download the ANYWHERECARE app which can be found in either Apple or Android app stores. On the day of your appointment, you will need to wait for your provider to initiate the session a few minutes before your scheduled appointment. Follow the instructions via text message at that time. It is a secure connection and HIPPA compliant. Please reach out with any questions by calling 317-762-8084 or email info@continuummhw.com.

To be sure you are downloading the correct app, look for the images and logo below when selecting the app in the app store.
